**Rise to the challenge**  
We build resilience to care for our customers. We act swiftly and adapt to feedback. We think big and are willing to take smart risks to provide the welcome different points of view and learn from mistakes.

**Inspire trust**  
We work to earn the trust of our customers and colleagues by meeting our commitments and acting with integrity. We bravely do the right thing, even when it is hard. We speak up to challenge ideas and to do with heart.

**Join forces**  
We strive toward our goal of serving the customer. We work across teams to provide the best care possible. We listen and learn from each other. We are conscious of our impact on customers, communities, and the company.

**Champion safety and quality**  
We are committed to our pursuit of the safest and highest quality care. We know that it comes in three guises and customer safety, our colleagues' health and well-being, and product safety. We ensure safety is at the heart of every decision we make and everything we do.
